Address:	Kapelsestraat 61, 2950 Kapellen - BELGIUM

declare, that the following equipment:

Product Name:	mr Handsfree Blue Solar
Product Type:	Bluetooth® carkit

Conforms with the requirements of European Council Directive 99/5/EC. CE

----------**QRG/BlueSolar/02-12/V04**----------

GB PARTS & FUNCTIONS

See illustration I

1. **Solar panel – Solar charging**

2. **USB charging socket – Regular charging**
The Blue Solar offers 2 regular charging options: USB cable (10) & cigarette lighter (9).

Attention!
- Make sure that the Blue Solar is **fully** charged before using the device.
- For initial charge it is recommended to use USB charging.
- Solar charging will start automatically when the battery is low and the solar panel is directed towards the sun.
- Using solar power for charging will extend your standby & talk time.

3. **MF-button (Turning on/off / Pairing / Making calls / 2nd call)**
- **Turning on:** Press and hold the MF-button (3) until you hear a melody and the blue LED indicator (5) starts flashing.
- **Turning off:** Press and hold the MF-button (3) until you hear a melody and the red LED indicator (5) lights up briefly before turning off again.
Attention!
The Blue Solar will also turn off automatically if there has been no Bluetooth® connection between the Blue Solar and another mobile device for more than 10 minutes.
- **First use pairing:** When the Blue Solar is turned on for the first time, it will automatically enter pairing mode and search for available Bluetooth® devices (the LED indicator (5) starts flashing by blue and red colors alternately). → Let your phone search for Bluetooth® devices. → Confirm the connection with the Blue Solar in the menu of your mobile phone and enter the PIN code **0000*** to pair both devices. You will hear a long beep. → The blue LED indicator (5) will light.
**Usually not required for Bluetooth® 2.1 mobile phones*
Normal pairing: Make sure that the Blue Solar is turned off. → Press and hold the MF-button (3) until the LED indicator (5) starts flashing by blue and red colors alternately. → Let your phone search for Bluetooth® devices. → Select the Blue Solar in your mobile phone and enter the PIN code **0000*** to pair both devices. You will hear a long beep. → The blue LED indicator (5) will light.
**Usually not required for Bluetooth® 2.1 mobile phones*
Attention!
  - Make sure that the Bluetooth® function of your mobile phone is turned on and that it is in close proximity to the Blue Solar.
  - To ensure automatic reconnection between the phone and the Blue Solar, we recommend setting the Blue Solar as "Authorized" in the Bluetooth® menu of your phone! Please refer to the manual of your mobile phone for more detailed information.
  - If the Bluetooth® connection is not restored automatically after disconnection, press the MF-button (3) once to restore the connection manually.
- **Making calls**
  - **Incoming call:** Press 1x to answer a call.
  - **Incoming call:** Press and hold (3 sec.) to reject a call.
  - **During a conversation:** Press 1x to end a call.
  - **Standby mode:** Press 1x to restore the Bluetooth® connection after it has been broken.
  - **Standby mode:** Press 1x to activate voice dialing.
Attention!
The voice dialing function is only available if it is supported by your mobile phone!
  - **Standby mode:** Press quickly 2x to redial the last dialed number.
  - **During a conversation:** Press 2x when you hear a beep (2nd call) to answer a 2nd call and put the current call on hold.
  - **During a conversation:** Press briefly 2x to switch between 2 calls.
  - **During 2nd call:** Press 1x to end 1 of the 2 active calls.

Attention!
Some phones do not support this Bluetooth® function or need confirmation through the mobile phone menu!

4. **(+) and (-) Volume buttons (Switching calls from Blue Solar to mobile phone and back / Turning on/off mute mode / Adjusting the volume)**
- **Switching calls from Blue Solar to mobile phone**: During a conversation, press the "-" & "+" buttons (4) 1x at the same time to continue the conversation through your mobile phone.
To continue the conversation back through the Blue Solar, press the "-" & "+" buttons (4) 1x at the same time.
- **Turn on mute mode:** During a conversation, press and hold the "-" button (4) for 3 sec. to temporarily turn off the microphone of the Blue Solar. The red LED indicator (5) will light.
- **Turn off mute mode:** Press and hold the "+" button (4) for 3 sec. The blue LED indicator (5) will light and starts flashing.
- **Adjusting the volume:** Press "+" to increase the volume level, press "-" to decrease the volume level.

5. **LED indicator**
- **Red indicator:**
  - Flashes in Standby mode: low battery capacity.
  - Lights continuously while charging the battery.
  - Lights continuously in mute mode.
- **Blue indicator:**
  - Flashes in Standby mode.
- **Red & Blue indicators:**
  - Flash alternately in pairing mode.

6. **Microphone**
Make sure that the microphone is directed towards your mouth. For optimum performance, the microphone should be located at a distance of 30-50 cm from the drivers' mouth. Make sure that there are no obstacles in front of the microphone of the Blue Solar.

7. **Speaker**

ACCESSORIES IN THE BOX

See illustration II

8. **Holder with suction cups – for windshield mounting (See illustration III)**
Place the Blue Solar on the driver's side of the front windshield, with the solar panel facing the sun.
9. **Car charger**
10. **USB charging cable**
11. **Extra set suction cups**
